About Our Magazine

OM Magazine is one of Plymouth's leading lifestyle magazine's, which also has a strong presence in the South Hams.

Presented in an A4 format and printed in full gloss colour with a quality gloss front cover, the publication itself appeals to a very wide range of readers, both male and female, ranging from 30-80 years of age. With a loyal and established readership of over 45,000 readers in the local area throughout the year.

The OM Plymouth Magazine has been established since 2004, with a reputation for listing mouth-watering places to eat, great value discounts from local companies, plus our jam packed Whats on and Film Guides. Each issue is packed full of appealing editorials and interesting client based features that will guarantee to keep every reader interested.

The OM Magazine takes pride in the frequent positive feedback we receive from our clients. Daniel Lewis Sales Manager Nuffield Health Fitness & Wellbeing tells us:

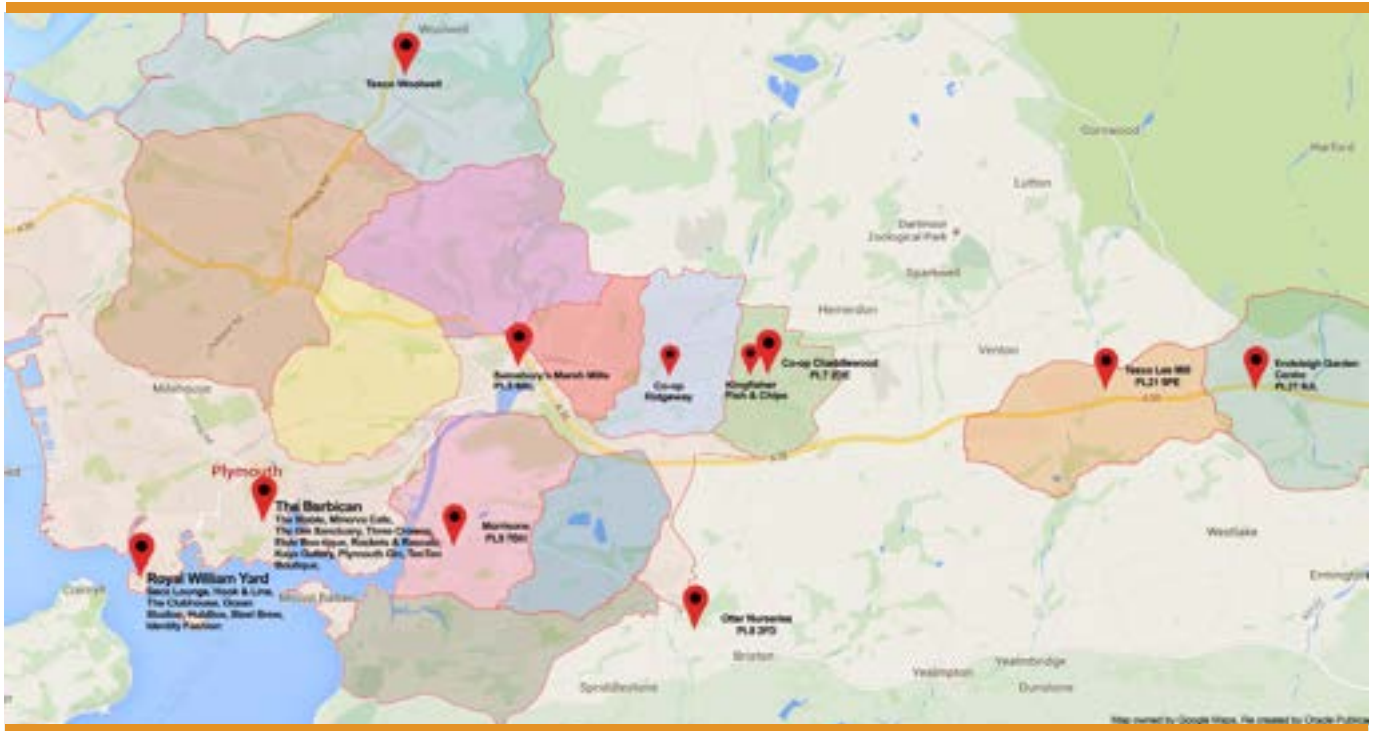

"Nuffield Health fitness and wellbeing has advertised with the Plymouth OM Magazine on and off for over 2 years now. The team at Oracle Publications have always provided invaluable advice with regards to singling out our unique USP's of the club and creating a format suitable for our target audience.

We have always had a very good response advertising in the OM Magazine. We monitor this by using cut out vouchers within our adverts that can only be redeemed in store. Results with previous campaigns have brought us in around 50 referrals from just one advert. To date it is one of the best advertising mediums we have found in Plymouth. If you are considering a marketing campaign to hit Plymouth and the South Hams, OM Magazine is certainly one of the best forms of advertising around". Thanks Daniel Lewis .

Business Profiles

Make your business stand out through editorial

HOW DOES IT WORK?

The OM Team will arrange a visit to your place of work for an interview, which will take no more than an hour and a half of your time. A photographer will also attend, to take professional photos of your operating business.

Once the interview is complete, it will be transcribed, typeset and set out into a double page spread by our design team. We will also create a blog version of your Business Profile, so it can be shared online and never taken down from the OM website. Try searching for some of the examples and see for yourself!

The tangible magazine, and the online blog version will reach an audience of over 49,000 people. We have had some outstanding feedback from this feature that is completely unique to our publication, with many businesses participating in a follow up profile a year later.

"We have been really pleased with the response to our business profile's featured in OM Magazine & Plympton Magazine. We are more than happy with the feedback and quantifiable amount of new customers we have gained because of this just by reading about our business and our history. On occasions I have turned up at a customer's home and they have stated how nice it was to read about local businesses and the people behind them, we had to do very little to win the job. We found everyone at OM Media very professional from start to finish. I would highly recommend anyone in business looking to gain additional customers to do a Business Profile in both Magazines".

- Geoff & Carolyn (GP Service)

WHY VIDEO?

Video is changing the way brands connect with their customers; it is fast becoming the starting point of the sales process for many of today's businesses.

Companies have their own characteristics and offerings that set them apart from others, and a company business profile video is arguably the best way to convey this. We'd like to take this opportunity to explain the features and benefits of an OM company Business Profile Video.

A company profile video is a short synopsis of who your company is, what you do, and the features or benefits you offer. It's not about one single product that you offer, but rather your value proposition as a whole.

It's important to keep your viewer engaged; grab their attention in the first 5 seconds or you're likely to miss out on opportunities, this is what we do! We streamline your content to address what your potential customer needs, or wants, and how you are a part of the solution for them.

With a strategically scripted company profile video, the viewer can quickly understand what your company has to offer, and make a decision to continue in the sales process with your brand.

Video works very much like sales brochures from the past, only video is more engaging. With the right music, pace and imagery, an OM corporate Business Profile Video can deliver your value proposition far better than you could in person, let alone by handing someone a brochure to read. Recent statics show video has five times greater recall than text and, therefore, can be much more effective in promoting your brand. It also lives online and can be found by anyone who is beginning the sales search, any time of the day.

If you are looking to strengthen your company's message, an engaging company business profile will do just that. We believe every company website should have a Business Profile Video as It connects with the viewer, and allows them to get to know your company in a new way.
